

Supplemental Form

**Consent to Release Education Records for Athletic Honors, Media Releases, and
Promotion of the University and Athletic Department**

As a condition of participating in intercollegiate varsity athletics at The University of the South, you signed a standard National Collegiate Athletic Association (NCAA) *Student-Athlete Statement*, part of which allows the University to disclose certain information from your education records to the NCAA and to the Southern Athletic Association (SAA). That release is required by the NCAA in order to comply with the *Family Educational Rights and Privacy Act of 1974, as amended* (FERPA). Unlike the NCAA *Student-Athlete Statement*, this supplemental form is not a precondition for participation in intercollegiate varsity athletics at the University.

On occasion, the Athletic Department and University would like to include personally identifiable information from your education records, including personal academic information, in individual or team nominations for post-season academic honors and awards, in media releases, and in other materials that promote the athletic department and the University. By signing below, you voluntarily consent to such releases for a period of one year. This release will be kept as part of your official record in the University Registrar's office.

If you have any questions about FERPA or the University's practices related to these releases of your information, please check the University Registrar's web site for the complete FERPA policy or contact the office at registrar@sewanee.edu.
